More
Card**

Dear Fellow Business Owner,

Save 6 More.com is the lowest cost form of advertising ever devised. Do your current advertisements return you 15 times their cost in revenue? We not only return over 15 times your advertisement cost, we guarantee it! Our advertising is totally performance based, if no one comes it cost you nothing and you do nothing, you can't lose! Why would you want to design ads, give large discounts, and pay more for advertising? With our program you'll never have to design ads, give us money, or even sign a contract. When our member returns for their second visit your advertising program converts into a extremely efficient loyalty program. At the time of purchase 100% of your advertising expense is given as a loyalty reward directly to your customer and we get nothing from the transaction. No other loyalty program can make that claim! You'll get the organizational loyalty of a franchise without a contract or royalties.

We want to place a free ad for your business on our web site and we want our members to bring their membership cards to you for 6% more off their best deal on purchases, services, or rentals. It doesn't matter what type of business you're in or where it's located we want to advertise for you, save you money, and send you business. On the face of our membership card is a "3D Magic Eye style object" hidden in a pile of money, this transforms the card into a self promoting conversation piece. We not only want you to except the Save More card, we'd also like you to consider selling it and make 80% profit on annual and lifetime memberships. Because you profit from selling membership cards this could result in you being paid to advertise!

This program also includes free 24 hour customer service and business consultations. Our service is so inexpensive it's like doing it for your self, except we do all the work! Please help us establish this service by lending your companies name to the project. This program is so new it may be months before you receive your first sale but by participating now you enhance the value of our service and influence other businesses to participate. If your not 100% satisfied with your first S6M customer you can discontinue advertising immediately. Participation will be limited, don't be left out. Please consider placing your free ad now before your business category is full.

If 10% of businesses participate and we encourage 5% of the customers of non-participating businesses to come to us for the discount, participating business's revenues would increase 45%! Our long term goals are to replace your more expensive advertising, reduce or eliminate your larger discounts, increase your revenue, and maybe even outperform your franchise agreement, if you have one. Just for calling we'll give you a free lifetime membership and 100 free annual memberships for a free ad authorization. Once you're a lifetime member and your business is participating, you may want to convince your business associates to participate also. Even if your company has decided not to participate, please call or email me with your decision.

Sincerely,

David C. Taylor
